Correction of language

- 1) A sentence "**Negative consequences of using alcohol for oral health discussed in the previous theme.**" on the page 78 is referring to the text in another chapter that has been taken out from the thesis and is therefore redundant.
- 2) Duplication of sentences on the page 69: "**It seems that Ali was aware about negative influence of smoking and alcohol on oral health when he was trying to find a reason for his oral health problems. But when he was talking about his oral hygiene practices he mentioned that he does not clean his teeth systematically twice a day.**"
- 3) On the page 89, reference 102: original text "Van der Gelda" corrected to "Van der Geld"
- 4) On the page 13, line 28 : original text "20012" corrected to "2012"
